TED NUGENT

Dear Patriot,

This is American Blood Brother Ted Nugent with an urgent message for Americans who still care.

Tragically, the Deep State has been locking up conservative heroes.

And it's abundantly clear they turned their sights on President Trump himself!

It's past time to fight back!

Can you help with just \$5?

You may remember the headlines when Congressman Steve Stockman invited me to Barack Obama's 2013 State of the Union Address, to fight back against Obama's plan to ban guns.

He stood with you and me back then, because that's who he is.

Don't let all the corruption currently coming to light at the highest levels of the DOJ bury the tragedy of what's happened to this patriot!

Steve Stockman was the ONE Congressman who refused to back down to or compromise with Obama.

So the corrupt Oath-violating FBI and Justice Department who've since bragged in text messages about targeting Trump simply FRAMED Steve Stockman on Fake Charges.

And that's why the liberals were all out to get him.

[That's why I and other conservative patriots are hoping you can go here right now to chip in just \\$5, \\$10, \\$25, \\$50, \\$100, \\$250, \\$500, \\$1,000 or even \\$2,500 to help him fight back in court.](#)

Even just \$5 will help Steve fight back, before they turn similar strategy against President Trump next!

Their vile vendetta against Steve is an attempt to silence him.

Since their Russia angle failed against President Trump, federal prosecutors in New York City are now looking at a Stockman-type Fake Prosecution against our great President.

The Fake Charges they filed against Steve are the SAME Fake Charges they will likely file against President Trump.

If they succeed in their plan to quietly keep Steve locked away for the rest of his life, President Trump will also fall!

The Deep State HATES Congressman Steve Stockman, for the same reason they hate President Trump and me.

You see, in 2014 Steve introduced a bill that would have exposed the corrupt Justice Department officials who illegally conspired with dirty IRS figure Lois Lerner to target Tea Party groups.

It would have uncovered how those Justice Department officials broke the law when they used confidential taxpayer information to harass average citizens who criticized Obama.

So those same Justice Department and IRS officials targeted Stockman in retaliation!

They indicted Steve on fake charges.

And who signed the indictment?

One of the three Justice Department officials whose illegal activities would have been exposed by Steve's bill!

The Deep State has continued arresting and locking up conservatives for exposing their crimes!

That is why I am writing to you.

They won the first round. This brave patriot has now been imprisoned for over a full year already!

Steve is currently appealing the corrupt conviction they obtained against him, but his legal bills are massive.

This is a long, drawn-out process. As a Swamp Draining Outsider, he is not rich nor connected.

He's always driven an old car, lived in a small house and eaten out at Burger King on special occasions.

But the government has unlimited funds! And their plan has always been to BANKRUPT Steve and his family!

[So can I please ask you to go here right now and chip in just \\$5 or more to help defend Steve?](#)

This all started when Steve went after Obama's corrupt IRS enforcer -- Lois Lerner.

One fellow Republican congressman predicted it.

"Are you crazy? She's going to come after you," Steve was told on the House floor.

"Steve, you have to be careful. I think you really p---

-d off the President (Obama)!" a liberal Democrat warned him.

The Establishment of both parties warned Steve the Deep State would try to take him out.

"Go along to get along, or they'll ruin you," they warned Steve.

But Steve Stockman doesn't back down.

Especially to the same Deep State relentlessly targeting President Trump!

Steve refused to stand down and be quiet as Obama's IRS, and Lois Lerner, became a political hit squad aimed at grassroots conservatives.

He introduced legislation ordering Congress to arrest Lois Lerner for contempt of Congress.

Steve then introduced legislation that would have forced the Justice Department to turn over their communications with Lerner.

That would have revealed the Deep State's illicit political targeting and the illegal use of confidential taxpayer information.

Steve's indictment was signed by one of those Justice Department officials who illegally met with Lois Lerner.

This is pure revenge against Steve for exposing the Justice Department's illegal targeting of conservatives!

But Steve also went after Obama and Hillary on all other fronts.

As a lifelong 2nd Amendment activist, I can tell you the only people who hate Steve more than President

Trump's Deep State enemies are the gun grabbers!

Steve killed Obama's "Manchin-Toomey" gun ban with a procedural move that blocked it on constitutional grounds.

And I'm sure you remember it was Steve who, by inviting me, shut down Obama's plan to use the State of the Union Address as a gun control rally!

Steve's plan was genius.

We believe that my mere presence in the same room forced Obama to change plans, because I turned out to be the one commanding all the media attention!

It was Steve who called on Congress to impeach Obama's corrupt Attorney General Eric Holder for his crimes in the b Fast And Furious scandal.

If you recall, it was Holder who secretly sold guns to Mexican drug lords, hoping the ensuing violence and bloodshed would terrorize Americans into supporting gun bans.

Steve Stockman was such a fearless and effective conservative in Congress, he was featured on The Drudge Report more than all other members of Congress combined.

It was his fearless conservative leadership that gave Steve Stockman over a million Facebook views.

Other members of Congress would fume when citizens at town hall meetings would ask, b Why don't you actually do something, like Steve Stockman?

Now you see why the Deep State framed Steve Stockman for standing up to Obama, Hillary, Holder, Pelosi, Lerner and Soros -- demanding they be held accountable for their crimes and corruption.

But we both know what their Satanic leader, Saul Alinsky, told them: ACCUSE YOUR OPPONENT OF THAT FOR WHICH YOU ARE GUILTY.

So, to inoculate themselves for their own crimes, they framed an innocent Congressman - Steve Stockman.

They moved to shut him up and you haven't heard from him since.

Steve refused to plead guilty because of his innocence.

And Steve knows if they succeed in keeping him locked up on these Fake Charges, they will use that as legal cause in their new plans to go after President Trump a different way!

In fact, they indicted and convicted Steve on Fake Charges using the same tactics they are now quietly formulating against President Trump!

These prosecutors hounded Steve's friends, donors and co-workers.

Some of them were dragged in front of three grand juries, and even forced to leave their families and fly cross-country to be interrogated!

Yes, the case against Steve was so weak multiple grand juries ended without charges being filed.

But you know the old saying: A grand jury will even indict a ham sandwich!

So, finally, after four years of attempted charges, millions of taxpayer dollars wasted, prosecutors FINALLY convinced a grand jury in 2017 to charge Steve.

Then, in April last year, they did the same to convince a trial jury to convict him!

How did they do it?

By so terrorizing one of Steve's former aides he began telling multiple false, often conflicting, stories.

They picked this aide because they knew he would agree with whatever story they invented.

The aide they convinced to tell false stories about Steve once had a breakdown and nearly began crying over a traffic stop.

So what do you think happened when the FBI told him they'd send him to prison for decades unless he helped frame an Obama opponent?

The charges against Steve are an obvious political vendetta for opposing Obama -- by the same FBI and Justice Department who bragged in text messages about how they would do the same to Trump!

And Steve desperately now needs our help so he can continue to fight to prove these were trumped up charges.

[Don't let Steve think we've forgotten him! Please go here right now to chip in just \\$5 or more to help him fight back. Or text *FIGHT* to 444999.](#)

Any gift in any amount, no matter how big or small, will be put to the best use possible to earn Steve Stockman's freedom and stop the Deep State from ever targeting conservatives like him and President Trump again.

If they get away in the end with keeping Steve Stockman locked away -- they will not stop in their pursuit of President Trump!

But if Steve can fully fund and mount this legal appeal, the Deep State and anti-Trumpers in the Justice Department will be stopped cold!

That would send a message to the Deep State that they can't get away with their crimes -- like they used the IRS to target conservatives.

[So may I please ask you to go here right now to chip in just \\$5 or more to help Steve Stockman fight back?](#)

I can tell you no one has fought for our values and the rule of law harder than Steve Stockman.

Not only will your generous contribution provide funds to help Steve fight the Deep State in court, your gift will rally others to stand up and make their voices heard.

Right now the deck is stacked against patriots like Congressman Steve Stockman and President Trump.

[So please go here right now, dig deep and give whatever you feel you can afford.](#)

If they get away with what they've done to Congressman Steve Stockman, you and I both know they will persist to bring down President Trump.

We can't let them get away with it because they WILL make President Trump next!

Please respond today!

For Liberty and Justice,

Ted Nugent

P.S. The FBI and Justice Department, who bragged in text messages about targeting Trump, FRAMED Steve Stockman, because he helped expose their illegal collusion with dirty IRS official Lois Lerner!

As an outspoken pro-gun figure, I know what it's like to be targeted! Steve Stockman stood with all gun owners. I am proud to stand with him now. They went

after him on the SAME Fake Charges they plan to use against President Trump! We must help Steve prove their corruption NOW!

But Steve is not wealthy or a member of the D.C. Elite. He needs our help!

[Can I please ask you to go here right now and chip in just \\$5 or more to Steve with his legal defense? Or text FIGHT to 444999!](#)

If they succeed in keeping Congressman Steve Stockman locked up -- President Trump will certainly be next to fall!

[P.P.S While you're at it, go to and politely tell the President to pardon Congressman Steve Stockman.](#)
